NARRATIVE

SYNOPSIS:

I responded to single vehicle injury crash on SR-6 near mile post 249. It was reported that an occupant of the vehicle was possibly deceased at the scene, and that several passengers were seriously injured. Upon investigating the accident notification was made. Fausett's Mortuary arrived and took custody of the deceased. For more information about the accident investigation see attached DI-9 report. The case will be reviewed by the county attorney for charges.

INITIAL CALL / MY OBSERVATIONS:

On February 28, 2021 at approximately 06:08 hours, I was dispatched to a fatal vehicle crash on SR-6 near mile post 249. Price Dispatch informed me that the crash was a single vehicle roll over with one possible fatal and several passengers seriously injured. I responded to the crash location from my home in [REDACTED] Utah. I arrived at the crash site at approximately 06:34 hours, and I first observed a SUV with front end damage resting on its roof. Two ambulances and Wellington Fire Department had already arrived on scene and the EMT's and fire personal were working on the occupants of the SUV. The SUV had seven occupants, one male was behind the vehicle laying on the ground covered by a white blanket. Several other passengers were already inside the ambulances being worked on by EMT's while they waited on Life Flight to arrive on scene. Several Carbon County deputies were on scene, Deputy [REDACTED] and Deputy [REDACTED] were assisting with the removal of injured personal. The Wellington Fire and Rescue Department were also on scene upon my arrival.

I made contact with the Deputy [REDACTED] and Officer [REDACTED] from the Price City Police Department. They advised that individuals had stopped to render aid and the driver had walked to Millers Gas Station to call 911. They informed me that [REDACTED] was called and they would need a landing zone at some point. They informed me that one male was deceased and that they had moved him from his original location so EMT's could work on the rest of the occupants. Deputy [REDACTED] stated he had taken several pictures of the original location and he would send me the pictures. He also informed me that several occupants were still in the vehicle and they were waiting on fire to extricate them. The scene was mostly secured and I began to obtain pictures of the crash site. I also helped with the removal of the last two occupants from the vehicle. Once the occupants were all removed from the vehicle, I talked with the driver who was now back on scene from the gas station. The driver was identified off his [REDACTED] Driver's License as [REDACTED]. I was able to make contact with the driver while he was sitting inside one of the ambulances. While interacting with the driver I did not detect any illegal odors or any impairment on the driver. The driver stated he must have fallen asleep for just a second before he hit the brakes trying to keep the vehicle on the roadway. This was the only occupant that I could identify while at the crash site. The other occupants were identified at Castlevue Hospital. While on scene, I was able to observe the deceased, and I took several pictures to document his location and mechanism of injury. I also checked the deceased for any identification and was unable to locate any on his person. Sgt. [REDACTED] of the Utah Highway Patrol also responded to the scene and once he arrived he set up traffic cones to move eastbound traffic into the center lane around the scene. He also had the tow company C&T respond to the scene and wait for the go ahead to remove the vehicle. He also informed me that the Medical Examiner was [REDACTED] and he was responding to the scene. A wallet was later found on the deceased's body, identifying him as Kevin J. Bersuch. His picture matched the face of the deceased. Lt. [REDACTED] of the Utah Highway Patrol also responded to the scene as did Trooper [REDACTED]. Lt. [REDACTED] informed me that [REDACTED] of Fausett's Mortuary had responded to the scene and took possession of the deceased and his wallet. Trooper [REDACTED] conducted a Total Station scale diagram of the crash site, as well as flying a drone for aerial photos. Due to the situation, I responded to the hospital and Sgt. [REDACTED] took over the crash scene.

FOLLOW UP:

Once at Castlevue Hospital I again talked with Officer [REDACTED] and he began to give me information that he was collecting on [REDACTED] occupant. Officer [REDACTED] was working with Price Dispatch on identifying each occupant by name and date of birth due to most [REDACTED] having any forms of identification on their person. Several of the occupants were severely injured and were being stabilized in preparation for flight by aircraft. The occupants of the vehicle are listed as followed. Driver: [REDACTED]

[REDACTED] Kevin Bersuch DOB: 03/10/2000 out of New Jersey. [REDACTED]

[REDACTED] Sgt. [REDACTED] and I were able to pull driver licenses and information on each occupant and vehicle. The single vehicle was identified as a gray 2018 Toyota Sienna van with plate number 8FVH301, out of California. It is owned by Airport Van Rental Inc, at 12911 Cerise Ave Hawthorne, California.

Upon contacting [REDACTED] at Castlevue Hospital he stated that they had been traveling from the Wasatch mountains, where they had been camping, back towards Texas. He stated that he had been sleeping for a while and then he started to drive [REDACTED]

NARRATIVE

He informed me that he was getting tired but thought he could drive 10 more minutes before pulling over and waking someone up to have them drive. [REDACTED] then explained in more detail on what happened in the crash. He stated that he must have fallen asleep for a second because he said he remembered leaving the roadway and trying to hit his brakes to turn back toward the road. He stated he did not remember the crash itself but woke up upside down and knew he had to get help for his friends. He informed me he crawled out of the vehicle [REDACTED] He climbed up the embankment and with his one good arm climbed the fence. Once at the shoulder of the roadway he tried to wave down two passing vehicles but neither of them stopped. He stated he seen the gas station and knew someone there would call 911. As he made it into the gas station parking lot he stopped one semi truck driver and informed him he had been in a wreck and to call 911. [REDACTED] stated he was not sure if the truck driver was going to call 911 so he made it into the gas station, and made contact with the clerk. He informed them of the situation and stated his friends needed help and to please send ambulances. While he was telling me this information [REDACTED] I tried to ask him about the deceased and he was not sure of his actual name but they called him Ulysses. He informed me that he was good friends with [REDACTED] and he would know his real name.

I made contact with [REDACTED] While trying to interact, I asked questions about the crash and he stated he did not know what happened at all he was asleep and woke up in the hospital. Upon questioning about the identity of the deceased, [REDACTED] was unable to communicate the information to me. After talking with [REDACTED] several different times, I was able to catch him while he was lucid. He informed me that he was asleep and not sure what happened in the crash. He stated he was the one that rented the vehicle from Denver and that he had insurance on it. I asked to look through his clothes that were in a plastic bag near the foot of his bed. He stated that would be fine [REDACTED] I was unable to locate an insurance card, and [REDACTED] stated he would call his parents and let them know about the crash. He also stated they might have an insurance card that they could send me. I allowed [REDACTED] to use my cell phone and make contact with his parents. They did not have any insurance information but stated they would look for it and try to send it. It was initially reported that [REDACTED] He was going to be transported to Utah Valley Hospital by ambulance for further treatment.

I made contact with [REDACTED] Later I was able to get [REDACTED] to tell me where he was sitting and that he was wearing his seat belt at the time of the crash.

I made contact with [REDACTED] and he explained that he was sitting in the very back row on the driver side and that he was wearing his seat belt at the time of the crash. He also informed me that he was asleep at the time of the crash so he was unaware of how it happened. He was going to be transported to Utah Valley Hospital [REDACTED] The initial report was that [REDACTED]

I was unable to make contact with [REDACTED]

I was unable to make contact with [REDACTED] he had already been airlifted by Classic Helicopter to Saint Mary's Hospital in Grand Junction, Colorado [REDACTED]

Sgt [REDACTED] began to take pictures of the crash scene to document any evidence, and he began to mark the scene with paint. He also notified donor services about the fatality at 06:38 hours.

UHP ACCIDENT INVESTIGATION:

Lt. [REDACTED] Sergeant [REDACTED] Trooper [REDACTED] Trooper [REDACTED] arrived on scene to assist with the accident investigation

After observing the accident marks and talking with the witnesses, the accident revealed as follows: The gray 2018 Toyota Sienna with plate number 8FVH301 out of California, was traveling eastbound on SR-6 near mile post 249 in Wellington, apparently at a high rate of speed when it left the roadway to the right, went airborne twice and impacted the vertical embankment on the opposite side of a wash. The vehicle flipped coming to final rest [REDACTED] one fully ejected from the vehicle. The fully ejected occupant was deceased on scene. Some seatbelts were used, and no drugs or alcohol are suspected in the cause
